EXPERIENCE

Insurance | UX / UI Design Lead

OCT 2025 – PRESENT · BBD Software Development

Leading UX across a complex insurance platform whilst taking the first step into a more senior role. Delivering a data-driven system to align user needs with business goals.

Collaborated closely with backend, frontend, and client stakeholders.

Engen | Product Design

May 2025 – Oct 2025 · BBD Software Development

Delivered a gamified mobile application from discovery to delivery, focusing on user engagement and a seamless customer experience.

This was BBD's first UX-only project focusing on research, user testing, a token-based design system and facilitated workshops with stakeholders.

Standard Bank | Business Analyst (Systems)

Mar 2025 – May 2025 · BBD Software Development

Strengthened enterprise and systems thinking within a banking environment, contributing to business analysis and systems documentation.

Collaborated with systems analysts, architects and developers.

Vumatel | UX / UI Designer

Mar 2025 – May 2025 · BBD Software Development

Sole designer on a telecommunications client for a native mobile app and responsive website, improving customer experience and self-service capabilities.

Collaborated with developers, QA testers. Facilitated client reviews and managed stakeholder feedback.

SARS | Graduate UX / UI Designer

Jan 2023 – Mar 2025 · BBD Software Development

Helped maintain enterprise SaaS systems in government technology to translate legacy systems into modern, user-friendly designs alongside levelling-up as a BBD Graduate.

Dynamic DevOps | Web Designer

2021 – 2022 · Dynamic DevOps

Built and maintained WordPress e-commerce websites to accompany my studies.
